Secrets of Facebook
Instructor: Bert Creswell

Are you thinking of joining Facebook?

Or are you new to Facebook and are now staring at Facebook's homepage thinking: What do I do now?

Then this session just what you need to learn the basics of Facebook.

Facebook is a social utility that connects people with friends and others who work, study and live around them.

You will learn how to create a user profile, add other users as "friends", exchange messages, post status updates and photos, share videos and receive notifications when others update their profiles.

This session will also help you understanding complex **Facebook privacy** policies and settings.

You'll be connecting with your friends in no time and Liking organizations to see what's happening.

Laptops will be available but if you have your own, bring it with you. We have WiFi at the Old Town Hall.
