# **LAST WILL AND TESTAMENT**

A Last Will and Testament is one of the most important legal documents a person can create during his or her lifetime. If a person dies without a Will they are said to have died “intestate” and state laws will determine how and to whom the person’s assets will be distributed.

If a person dies without a Will the beneficiaries can not dispute the court’s distribution of that person’s estate under the intestacy laws. Even if that person expressed different wishes verbally during their lifetime the statutes control the distribution. With a valid Will, a person can legally determine how their property will be distributed and to whom.

In New Jersey, any person eighteen (18) years of age, or a minor lawfully married, and of sound mind may make a Will.

Come out and learn about Wills and what they can do for you..
